

OVAS Library's News Letter

April 26th 2010

OVAS Members

Hope you have all been enjoying the wonderful spring weather! Our speaker for April is Ken Boorman and he will be enlightening us on the topic "The New Guinea Rainbowfish Aquarium".

I will be bringing the following books to the meeting. These books can be borrowed with a \$5 deposit on each book. You can also put on hold any of the books and pick them up at the meeting, the breakfast at Summerhayes or at my place.

 Rainbowfish by Schmida,
Rainbowfishes by Lambert,
500 Freshwater Aquarium Fish,
Goldfish Guide, Dwarf Cichlids
Aquariums for Dummies,
Aquarium Designs, Aquarium Plants
Marine Atlas, Corals, Fishes of California & West Mexico
Plus more!

The library also contains books on many subjects. There are books on setting up a tank, cichlids, fresh water fish, salt water fish, plant books, fish diseases, fish atlases and also books on invertebrates.

If you check the left hand side of the page you will find the OVAS Library's site with a list of all the informative books the library carries to help you be the best aquariumist you can be. <http://ovas.ca/index.php?page=99>

Any of the library books can be requested. When you are not able to pick up books I will gladly look up information, in the books, and pm the information to you. PM me your requests.

Joyce Landry
OVAS Librarian
